The old wooden bridge over the canal in the village having become unsafe, we decided it would be wise to replace it with an iron one. After communicating with several leading bridge companies, getting their plans and prices, we purchased of the Berlin Iron Bridge Co., a steel girder bridge with lattice work railings, at a cost of \$290.00.

We believe that this will meet the approval of the town, and we hope it will lead to the replacing of the large wooden bridges with iron as fast as they become worn out and unsafe.

One petition for the building of a new highway has been received, and on this we had a hearing. A majority of the

board thought best not to lay the road at that time. The matter will be laid before the town at the annual meeting for such action as they deem best.

In our present financial condition great care should be exercised in making the annual appropriations, which always determines the tax rate. That the rate of taxation has much to do with the growth and prosperity of a town there can be no question.

REPORT OF BOARD OF HEALTH.

Hearing of small pox in the adjacent town of Hancock, the board of health advised vaccination of the school children, and Dr. Crediford was appointed agent by the selectmen to vaccinate in the several schools. This was done from January 24 to January 28. Within five or six days there appeared upon several of the scholars an eruption resembling vaccinia or small pox. This the local physician mistook for vaccinia or chicken pox until a severe case was found where the same eruption appeared without vaccination. The board of health then called the state board from Concord, and Dr. Geo. Cook visited Harrisville February 5th and 6th. *He pronounced this absolutely small pox.* On his return to Concord his report brought Dr. Irving A. Watson, secretary of the state board, immediately to the scene. Dr. Watson visited nearly all the patients and corroborated Dr. Cook's diagnosis and established quarantine in six houses, and ordered the establishment of a small pox hospital.

The board of health have secured and equipped a hospital which is now ready for occupancy. Inasmuch as there has been no spread of the disease, the board has deemed it advisable to allow the patients to remain in their own houses for the present. There are two guards established who remain on duty from early morning until late at night. The amount which the board of health have already expended in furnishing hospital, etc., is \$100. At present it is impossible to predict what the outcome may be from this epidemic.

T. J. WINN,
Town Clerk.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of Harrisville, in the County of Cheshire, in said state, qualified to vote in town affairs.

You are hereby notified to meet at Eagle hall in said Harrisville, on Tuesday, the twelfth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1.—To choose all necessary town officers for the year ensuing.

2.—To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3.—To see if the town will vote to appropriate a sum of money sufficient to lay out and build 180 rods of new highway in the west part of the town petitioned for by E. W. Seaver and forty-seven others, or act in relation to the same.

4.—To see what action the town will take in regard to the purchase of a fire engine or act in relation to the same.

5.—To hear the reports of all town officers, agents and committees and pass any vote in relation thereto.

Given under our hands and seals, this eighteenth day of February, in the year of our Lord nineteen hundred and one.

BERNARD F. BEMIS,
ARTHUR E. WRIGHT,
CHARLES E. TOWNSEND,
Selectmen of Harrisville.
